

Mini-Blind Notice

Dear Consumers:

Mini-blinds and valences are standard and included in every new home; however, they are cosmetic, complimentary, and not covered under the Factory Warranty. Any consumer can opt to have the mini-blinds and/or the valences taken down prior to delivery. Mini-blinds and valences are extremely fragile and can be damaged fairly easily. For this reason, should you opt to keep the mini-blinds and valences, Texas Home Outlet will not be responsible for any damage incurred on these two items.
