

RECEIPT OF NOTICES AND WARRANTIES

The Texas Manufactured Housing Standards Act requires that you (PURCHASER) be given certain notices and documents.

1. If you bought a new home, you are required by law **to notify** either the manufacturer or retailer (or both) **in writing** of the need for service covered by their respective warranties.
2. If you move your new manufactured home from the original installation site during the term of the warranty period, the manufacturer's new home warranty **will not apply to any defect or damage** caused by the move, and the retailer's installation warranty is null and void.
3. **You may not be able to move your home** into some states or local jurisdictions outside of Texas due to limitations or prohibitions on the size of manufactured homes which can be transported over their highways and streets. Your home is **not designed to carry additional weight**; if you move your home, all personal items, furniture and equipment which were not in the home at the time of purchase must be removed and transported separately. You may not be able to install and occupy your home in a wind zone, thermal zone, or roof load zone for which the home was not designed or constructed.
4. **Dispute Resolution Process.** Please review your Manufacturer's Homeowners Manual for important information concerning the federal requirements for dispute resolution and your new home. Texas has its own federally approved dispute resolution process administered by the Manufactured Housing Division of the Texas Department of Housing and Community Affairs. As a part of that process, TDHCA maintains a fund called the **"Manufactured Homeowner's Recovery Fund.** If you want to make a claim against the manufactured homeowner's recovery fund, you must file a written complaint with the Texas Department of Housing and Community Affairs within two years of the date the claim was discovered or should reasonably have been discovered. Failure to file the claim timely precludes recovery from the fund.

I (We) certify that I (we) have received and understand the above notices. I (We) further certify that I (we) have received the following documents and information as applicable to my (our) home purchase:

I. ALL HOME SALES

- a. Formaldehyde Health Notice
- b. Site Preparation Notice
- c. Construction Standards Notice
- d. Section 162 Notice – When Buying a Manufactured Home
- e. Installation Anticipated Date and Designated Contact Person

II. NEW HOMES ONLY
